

Benevolence Policy For Those Working In The Office After Hours

In an effort to assist those who work or minister at GBC after the office closes, the following benevolence guidelines are given:

1. If the office is open, always send or accompany any person requesting assistance to the office.
2. If the office is closed, you are instructed to call Security at xxx or Cell xxx-xxx and have them come and meet you. You will then call the Pastor On Call. No matter what the benevolence need, this is what is to happen. The Pastor On Call will then respond to the situation.
3. If you choose to help the person, please understand that this would become your personal ministry to them. The church is under no obligation to reimburse you for this ministry. It is always best to let the Pastor On Call handle the situation.
4. DO NOT agree to transport anyone anywhere. This could be dangerous as you are aware of the situations we have had in the past.
5. DO NOT give money to anyone requesting assistance.
